

DR. FOUNTAIN'S CLUBHOUSE ANIMAL CARE PROGRAM

Let's have fun learning about responsibility, relationships and self-regulation. Our goal is to give your child an opportunity to experience what it is like to care for animals and pets on the farm. Through care of the animals, your child will also develop their self-regulation, relationship building skills and self awareness. Your child will be assisting with different chores and animal training, learning about different techniques and the fundamentals of animal care and handling. Units cover different topics such as: grooming, dental care, weight management, trick training, etc.
